This week the Green Frogs have been exploring early numeracy skills through sand, mud and water play by estimating how far a splash travels, how many scoops of sand are required to fill a pipe and comparing the length of pipes needed to construct buildings. The children have also enjoyed a spontaneous drumming session using box construction, climbed trees and visited St Joseph’s Church. Look at some of the activities we have participated in this week.

Thank you to the parents and carers that were able to attend our first parent committee meeting. It was wonderful to see so many attend. The parent committee is a vital component of the Early Learning Centre coordinating fundraising and social events, helping to enrich our community spirit and help resource our beautiful Centre.
