

2017 Nationally Consistent Collection of Data on School Students with Disability

Dear Parents and carers

Catholic schools along with government and Independent schools across Australia will again be participating in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). Our involvement in this process is crucial as it will provide valuable information about supports required for a broad group of students in our schools. The NCCD will enable National and State governments to better target support and resources in schools. This in turn will help Catholic Schools access the support for all students with additional needs.

The NCCD is not limited to students with diagnosed disabilities. It uses a very broad definition of disability, taken from the Disability Discrimination Act 1992 and the Disability Standards for Education 2005, which includes a range of health issues and learning difficulties where schools implement strategies to support students in participating effectively in their learning.

The Data Collection will take place in August. No personal or identifying information about any student will be included, however, if you decide you do not wish information about your child to be included in the NCCD, you are asked to contact your child's principal to discuss your concerns. If you are still concerned you should request and complete an opt-out form and return to the principal.

More information about the NCCD is available at:
